With more than 110 million albums sold worldwide and two prestigious Diamond Awards in the U.S., 2019 [Rock & Roll Hall of Fame](#)® inductees [Def Leppard](#) – Joe Elliott (vocals), Phil Collen (guitar), Rick Savage (bass), Vivian Campbell (guitar) and Rick Allen (drums) — continue to be one of the most important forces in rock music. Over the course of their career the band has produced a series of classic ground-breaking albums that set the bar for generations of music fans and artists alike. The group’s spectacular live shows and arsenal of hits have become synonymous with their name, leading Def Leppard to be heralded as the world’s greatest live rock band. Def Leppard’s influential career includes numerous hit singles and ground-breaking multi-platinum albums—including two of the best-selling albums of all time, *Pyromania* and *Hysteria*, capturing the group’s legendary tracks, bringing together classic Leppard hits such as “Rock of Ages,” “Pour Some Sugar on Me” and “Foolin.” For the first time, in January 2018 Def Leppard debuted their full recording catalog worldwide via streaming and download platforms. As they did with the original release of their records, Def Leppard dominated the worldwide charts again, which found their albums charting in the iTunes Top 10 in more than 30 countries, including *Hysteria* at #3 in the US, and #5 in the UK. Def Leppard also had the #1, #2 and #3 records on the US catalog albums chart. The band have gone on to amass a staggering 6 billion streams since 2018, reaching a younger 18-44 demographic that now represents 58% of their fanbase. Additionally, the band have garnered an impressive 15 million followers across their social media platforms. In May 2022, Def Leppard released their twelfth studio album *Diamond Star Halos*. The album debuted at #1 on the Apple and Amazon Music charts. The album also scored a Top 10 debut on Billboard’s Top 200 Albums chart, marking the band’s eighth Top 10 album of their career, and also making them one of just three groups with a newly charting top 10 title on the Billboard 200 albums chart in each decade since the ’80s. *Diamond Star Halos* additionally garnered a #1 debut on Billboard’s Hard Rock chart. Following the close of their historic 2018 co-headline stadium and arena run in North America, Def Leppard sold a staggering number of tickets, a massive feat in today’s touring world. Def Leppard & Mötley Crüe topped that number yet again with another sold out North American stadium run in 2022. As always, the group keep pushing the boundaries with their electrifying live shows.
