

# THE DONUTS

PRIMARY WAVE  
ENTERTAINMENT

The Donuts (LA) are a dynamic production duo made up of Tyler Mehlenbacher & Sergiu Gherman. The two met by chance at DJ Khalil's studio in Los Angeles, where they also met current mentor & collaborator, Bekon. The Donuts are at the helm of cutting-edge label 88-Rising's executive production team for Rich Brian, Joji & Niki. Already with a Grammy nomination (SZA- 'CTRL'), work on multiple chart topping & RIAA certified albums (SZA, H.E.R), and an instrumental role with the soundtrack and in-movie music of Marvel's newest blockbuster Shang-Chi and the Legend of the Ten Rings, The Donuts are poised to take over with their unique take on urban & pop music production.
