Tim Randolph is an Echo Park-based freak. He's the only Executive Producer on Whethan's forthcoming debut Atlantic album; making writing contributions to seven tracks including "Upside Down" ft. Grouplove, "All In My Head ft. grandson", "Stay Forever ft. STRFKR", and "So Good ft. bulow". Tim produced/wrote "original me" by YUNGBLUD ft. Dan Reynolds. Tim has produced five Imagine Dragons songs...two on both "Origins" and "Evolve" plus "Levitate" sync'd in the trailer of J Law's big movie "Passengers". He naturally changed the sound of FIDLAR, Phem, Carlie Hanson, and Annika Rose's projects. You can hear their collective eye dilution. He loves working on Peking Duk, Kiiara, K.Flay, and The Wombats. New victims include Kennyhoopla, Fever 333, Zero 9:36, Poorstacy, Junior Varsity, Jasiah, Deathbyromy, and Iconapop. Production alliances include MAG, Hans Zimmer, Zac from FIDLAR, Whethan, and Imad Royal.
