An American Original; WAR was the first and most successful musical crossover phenomenon that forever fused rock, jazz, Latin, and R&B while transcending racial and cultural barriers with a multi-ethnic line-up; a musical melting pot, and an enduring influence that has sold nearly 50 million records to date. Today, WAR is a permanent part of America's pop-cultural landscape. A touring act that performs 150 shows a year and whose catalog of timeless hits permeates our everyday lives. WAR classics have been featured in countless movies, television shows, and commercials. Films such as *The Mexican*, *How High*, *Remember The Titans*, *A Knight's Tale*, *Boogie Nights* and *Lethal Weapon 4*; T.V. shows such as *ER*, *That Seventies Show*, *Bernie Mac*, *The Job*, *The Simpsons* and the theme to the *George Lopez Show*; TV ads for products like Nissan, Mitsubishi, Miller Brewing, Burger King and Sprint PCS have kept WAR music in the fore. The music has also been re-spun by many contemporary artists from Janet Jackson to Korn, Smashmouth to Shaggy and from Macy Gray to TLC with covers or samples of WAR hits.
